

NAME

STILLWATER E-STOP

DESCRIPTION

Protecting your pool or spa has never been easier. This E-stop system is designed to quickly cut power to motors or interrupt starter signals, working seamlessly with internal timer(s) and supporting multiple emergency stop buttons.

KEY FEATURES

- Complete Control: Includes a wall-mounted control unit and a custom number of E-stops, motor starters, timers, and relays.
- Flexible Mounting: Choose your preferred mounting style from flush wall mount to a stand alone pedestal.
- Customizable: We can build special configurations tailored to your specific setup.

READY TO ORDER?
